GLADIOLUS and LILIES

Wholesale and Retail

Alfred L. Moses, Lima, N. Y.

Dear Glad Friends:

It is a real pleasure to mail our 1944 Glad and Lily List to you and we greatly appreciate the business you have given us in the past. We have done our best to please you and cannot help but feel we have done just this from the many testimonials we have received.

Our supply of bulbs is not as large as usual. We, like many others, planted a larger acreage of food crops to help Uncle Sam at the expense of our bulb business. This together with a real late spring, plus the labor shortage, has made this season the most difficult we have ever experienced. After all, we have a limited, fine crop of bulbs and solicit your continued good will and patronage.

Please Read Carefully

Please mail your orders early this year, if you never did before, and we will acknowledge promptly and all orders will be filled in **ROTATION AS RECEIVED**.

On **ALL** orders taken from the **RETAIL LIST**, you may select as extras: 10% on \$3.00 to \$5.00 orders; 15% on orders from \$5.00 to \$25.00 orders, and 20% on orders from \$25.00 to \$50.00. If you would like any particular variety for discount, kindly mention. We make it a point to include something different for trial. There are a few varieties we cannot give discount on, so please do not figure them in. Also please do not ask for these as extras. No Discount on Lilies.

From the wholesale list you may take 2% discount for cash with order.

All orders from Retail List shipped prepaid. Wholesale orders are F.O.B. Lima, New York.

A Few Comments on New Commercial Possibilities

It seems to me that now is the time to get started in some of the newer up-to-date commercial varieties. The old standards have doubled and tripled in price, while the newer high priced varieties have not gone up but in many cases have been reduced. You simply cannot go wrong in buying now.

Of all the newer commercials I think **PINK RADIANCE** is the finest in the pink class. Consistency makes a commercial, and Pink Radiance really has it. The color is ideal, form and placement of the best, and opens in water exceptionally well. A fine propagator and bulb maker. **ETHEL CAVE COLE** looks like a fine type and good grower, plus heavy producer. **FLORA FARMER** is simply beautiful but needs strong soil or lots of water. It was outstanding for us this year. **CARILLON** is another well worth growing for cut flowers. **KING WILLIAM** is a Picardy type but a cleaner pink and apricot and is my pick to give Picardy a run.

In the white class, we believe **SNOW PRINCESS** is one better than Maid of Orleans, while **MARGARET BEATON** is in the lime-light with many, but for us **SILENTUM** is a better all around commercial. The scarlet blotch is not as conspicuous but the placement and flower attachment is much better. **LEADING LADY**, white Picardy sport, will not have to take any back seat. **SEPTEMBER WHITE** a

very tall crystal or sparkling white, but in the late blooming class, and a fine rugged grower. **SURFSIDE** is very consistent. Last but not least our own **HEAVENLY WHITE** will in a short time take its place along beside Rosa Van Lima, of which it is a sport, as one of the best, most consistent growers of all.

To me none we have ever tried can compete with **MOTHER KADEL** as a yellow. The reports from all parts of the country, including Porto Rico, are none but the best. **INTERMEZZO** is another exceptionally consistent grower in the cream class. **WANDA**, another Picardy sport, is a fine cream also. Of the newer lavenders **BADGER BEAUTY** is my choice, although **ELIZABETH THE QUEEN** is a beauty, but even then, I think both may come a little short, under poor growing conditions, but I haven't seen a good, tall, lanky, commercial lavender yet.

ROCKET and **VALERIA** are still outstanding. Valeria is the tallest, but a little slow on the increase. **BLAZE**, a Picardy type red, looks real good, but I am told **STOPLIGHT** is better, although ours froze September 11th, before they bloomed. It is a fine grower and producer.

I like **XERXES**, believe it or not, and think it will sell in any florist shop. A peculiar color but nice. I'm increasing my own stock. I can't help mentioning **BIG TOP**. While not necessarily a commercial type, its size and length are something to talk about. I could mention many more but those named have been given a good thorough trial for two or more years, and look good from the commercial angle.

HEAVENLY WHITE

COLOR SPORT OF ROSA VAN LIMA

Our first introduction. Has won Honorable Mention in Seedling Class 1942, and Award of Commendation 1943, at our State Shows. In 1942 we cut a single spike with two open on Tuesday and placed it in one of our local meat market coolers, with a temperature of nearly freezing. The following Saturday, it held 10 huge beautifully placed blooms wide open to win the Honorable Mention at one of our State Seedling Shows.

The color is a sparkling blue white resembling the white clouds floating in a blue sky. Some have called it a very pale lavender, but personally I cannot see it as a lavender. At a short distance it's just a pure white with a faint lavender marking in the throat.

Like its parent plant, it is a robust, heavy grower, making quantities of bulblets that will grow for anyone. Its commercial possibilities should be even better than Rosa Van Lima itself. We bought Rosa Van Lima in quantity the first year of its introduction into this country and frankly it has made us more money than any other variety in our 15 years of growing glads. We are sure that **HEAVENLY WHITE** will come through also.

However, we only ask you to give it a trial and if you do not think it worthy of the name and price, we will gladly return your money in full. It's what you think that will make it or defeat it.

Price for either large or medium bulbs only \$2.00 each. No bulblets this year, and not more than three bulbs to a customer. No discount.

GENERAL LIST

5 bulbs at the 10 rate. 100 bulbs at 8 times the 10 rate.

VARIETY and DESCRIPTION	Per	Large	Medium	Small	Bulblets
ALADDIN	2	.15	6— .15

Digging Pink Radiance

Six-Acre Field of Our Bulblet-Grown Stock in Three-Foot Rows

* * * **HARDY LILIES**

The following list is the easiest to grow of all outdoor Lilies. The bulbs we offer are top quality and of the largest blooming size. Every garden should have Lilies included. These require very little care after being established.

CANADENSE (Meadow Lily), yellow, blooms in June, 3 ft.—ea. 30c, doz. \$3.25.

CANADENSE Rubrum, Red; flowered canadense—ea. 40c, doz. \$3.85.

CONCOLOR (Star Lily), bright scarlet. Blooms June, July—ea. 35c, doz. \$3.85.

ELEGANS, yellow orange, blooms in July, 18 in. high—ea. 35c, doz. \$3.85.

HENRYI (Golden Speciosum) blooms in August, 4 to 5 ft. high, beautiful and easy to grow—ea. 50c, doz. \$5.50.

HANSONI, bright orange yellow, blooms in June, 4 ft. high—ea. 60c.

PARDALINUM GIGANTEUM (Sunset Lily), blooms July, August—ea. 50c, doz. \$5.50.

PHILIPPINENSE FORMOSANUM, a pure white, blooms from July to November, 4 to 5 ft. high, easily grown—ea. 35c, doz. \$3.85.

REGAL, the easiest of all, large white, very fragrant, July blooming, 4 ft. high, 8 to 9 in. bulbs—ea. 35c, doz. \$3.85.

TENUIFOLIUM (Coral Lily) scarlet, June blooming, 18 in. high—ea. 20c, doz. \$2.20.

TIGRINUM (Single Tiger Lily), dark salmon orange, August and September, 4 to 5 ft. high—ea. 30c, doz. \$3.30.

TIGRINUM (double form of above), ea. 30c, doz. \$3.30.

Order Lilies from this list for Spring and Fall of 1944. Of the two, Fall is probably the better planting time, although any of the above can be planted in the Spring.

WHOLESALE GLADIOLUS LIST

Quotations subject to prior sale or until further notice. Not less than 200 bulbs at the 1,000 rate, or 25 bulbs at the 100 rate. 5% discount for cash with order.

*2% mixed.

What Is the Price?

Just one big dollar for Empire State membership, or affiliate membership for \$2.25 a year. A lot for your money. You cannot afford to be without this information if you grow Glads. For every membership sent to us, we will send you one large bulb of Elizabeth the Queen for affiliate membership, or one large bulb of Badger Beauty for Empire State membership.

A Complete Line of SHRUBS - TREES - ROSES - FRUITS - ROOTS

We will have only a mimeographed list of these Nursery Items, but will be glad to send you one. Our Store will open in April and a complete line of Fresh-Dug Stock will be on display.

... for *Quality* it's *MOSES* ...

Are You a Member?

The Empire State Gladiolus Society now affiliated with the New England Gladiolus Society cordially invites every Glad lover, hobbyist or grower, large or small, to become a member of the Society. You are entitled to the eight or more bulletins mailed by the Empire State Society, the "Year Book," and three Supplements mailed by the New England Society each year. Your membership entitles you to exhibit at any of the State Shows as well as the Boston Show.
